JARED W. PURDUE, P.E.
SECRETARY

Annie Street at South Orange Avenue to Close Temporarily for Work on Curbs, Sidewalks, and Drainage Structures

The Florida Department of Transportation (FDOT) is working to improve the roadway on South Orange Avenue from Grant Street to Gore Street. As part of the construction work, the intersection of Annie Street and South Orange Avenue will be closed to traffic beginning on Monday, June 3rd, and is expected to last for 2-3 weeks, weather permitting. Drivers will still be able to access Annie Street and South Orange Avenue by following posted detour signs as well as referencing the map below. This closure will allow us to install necessary drainage pipes and work on both curb and sidewalk structures.

We thank you for your patience and understanding as we conduct this essential work. Please know that the upgrades will provide you with the quality work you've come to expect from FDOT. If you have questions, please email Peyton Reese, FDOT's Public Information Officer, at peyton.reese@dot.state.fl.us. For immediate assistance, call Peyton at (407) 414-5714.
